H. E. HOLMQUIST, Republican Nominee for the Assembly

One of the candidates to be voted for next month who seems to be a sure winner is Hon. H. E. Holmquist, the nominee of the Republican party for the assembly from this county. Mr. Holmquist is a young man of pleasing personality of excellent character and habits and thoroughly fitted by a college education to properly acquit himself in the office to which he aspires.

He came to Redwood City 22 years ago, and in 1895 graduated from the Redwood City grammar school; entered Sequoia Union high school in 1897, graduating in 1899, completing a three years' course in two years; entered Stanford University and was a student in the department of history, modern languages and law, and graduated with the degree of bachelor of arts from the law department with the class of 1904. A praiseworthy trait of the young man's character is the fact that he made his way through high school and college by working after school hours and during vacations.

After graduating from the University he entered the office of the county clerk at Redwood City, as deputy, which position he occupied for a year and a half. Since that time he has held a responsible position with the United Gas and Electric Company He expects shortly to engage in the practice of law in Redwood City.

Mr. Holmquist's number on the official ballot is 14.

VOTE FOR J. J. BULLOCK FOR JUDGE

HALL C. ROSS, Republican Nominee for Senator

With Hall C. Ross in the Senate the Twenty-ninth Senatorial district will be most favorably represented. Ross creates a firm impression wherever he goes, He makes friends readily. He is able to persuade others to his point of view. He is a good debater and is also a man who does things. He is honest and clean. He has no strings on him. He will show results for his work.

San Mateo county needs a wide-awake and active representative during the next four years. Matters of great importance will be presented. Two United States Senators must be elected; the direct primary will come up for legislation, and the criminal law and procedure should be amended. The entire State must be re-apportioned, and San Mateo county should be favorably placed, for this apportionment continues for ten years. Ross can help San Mateo county and give it an influence throughout the State, to the benefit of its people.

Hall C. Ross will prove a power in the Senate. Let San Mateo county show the character of men it produces, in education, ability, manly conduct and power.

Vote for Hall C. Ross and be proud of it.

TAXPAYERS

TAXES—1908

NOTICE is hereby given that the Assessment Books of the County of San Mateo (Real and Personal) for the fiscal year 1908, have been received and the taxes on all personal property secured by real property, and one-half of the taxes on all real property are now due and payable and will be delinquent on the

LAST MONDAY IN NOVEMBER 1908, AT 6 O'CLOCK P. M.

And unless paid prior thereto, 15 per cent will be added to the amount thereof. If the said first installment of said taxes be not paid before the **Last Monday in April, 1909,** at 6 p. m., an additional 5 per cent will be added to the amount thereof. The remaining one-half of the taxes on all Real Property will be payable on and after the **First Monday in January** next and will be delinquent on the **Last Monday in April** next thereafter at 6 o'clock p. m. and unless paid prior thereto 5 per cent will be added to the amount thereof.

All taxes may be paid at the time the First Installment, as herein provided, is due and payable.

I will be in attendance to receive taxes at all times in my office in Redwood City. Owing to the great increase of business in the Tax Collector's office it will be impossible to make collection in the different towns. So far as possible all taxpayers will be notified of the amount due, and should any tax payer not receive notice within a reasonable time, a card, giving his name and address with a description of the property, will be promptly answered.

In the Superior Court of the State of California, in and for the County of San Mateo.
In the matter of the estate of ELVIRA McELROY, deceased. No. 1199.
Order to Show Cause Why Sale of Real Estate Should Not be Made.
Elda Lynch, executrix of the last will and testament of Elvira McElroy, deceased, having on the 15th day of October, 1908, presented and filed in open court her verified petition praying for an order of sale of all the real estate of said deceased, at either public auction or private sale, as said executrix shall judge most beneficial for the said estate; and it appearing to the satisfaction of the court from the said petition that it is necessary to sell the whole of the real estate of the said estate for the purposes and reasons mentioned in the said petition.
Now, therefore, on motion in open court of Messrs. Lynch & Drury, attorneys for the said petitioner, and good cause appearing therefor it is ordered by this court that all persons interested in the estate of the said deceased are hereby directed to appear before the said Superior Court of the State of California, in and for the said County of San Mateo, on Thursday, the 19th day of November, 1908, at the hour of ten (10) o'clock in the forenoon of said day, at the courtroom of said Superior Court, at Redwood City, in said County of San Mateo, State of California, to show cause, if any you have, why an order should not be granted to the said executrix for the sale of the whole of the real property of said deceased.
It is further ordered that a copy of this order be published four successive weeks in the Times-Gazette, a newspaper published in Redwood City, County of San Mateo, State of California.
Done in open court this 15th day of October, A. D. 1908.

COUNTY OFFICIAL PAPER.

D. E. O'KEEFE, Editor and Proprietor

FOR PRESIDENT
WILLIAM H. TAFT
OF OHIO.

The Times-Gazette has made a clean campaign and we are proud of it.

Don't fail to attend the big Republican Rally Monday evening. It will be a corker.

Mud slinging usually reacts and invariably hurts the candidate it is intended to help.

Vote for Ross and Holmquist and thus help to continue the U. S. Senate Republican.

J. J. Bullock has made a good District Attorney and he will also make a splendid Judge

A vote for MacBain for Supervisor is a vote to retain a capable, efficient and honest man on the Board.

If the people are true to themselves they will continue John MacBain on the Board of Supervisors.

T. C. Johnston's selection is assured. He will make an ideal Supervisor and be a credit to the Fourth Township.

The Democrat is in error when it says the Santa Cruz Surf is a Republican paper. It has always been Democratic.

A vote for J. J. Bullock for Superior Judge is a vote to place the stamp of approbation on his official career as District Attorney.

James Bruce of Menlo Park has laid down the trowel and taken up the pen, but is the pen mightier than the trowel. The voters will decide next Tuesday.

We have received a communication from the Republican State Central Committee urging that all Republicans go to the polls early next Tuesday and vote. See to it that you vote early.

Julius Eikerenkotter will win out in the First Township. The bitter and dirty fight that has been waged against him has made him votes. His majority will be larger than expected.

President Roosevelt says give everybody a Square Deal. That is what San Mateo county wants. Santa Cruz had the last Senator; give San Mateo the next one and Hall C. Ross will be the Senator.

Turn and turn about is fair play. Rambo from Santa Cruz has been Senator during the last term. San Mateo should have the Senator this next term. Vote for Hall C. Ross from San Mateo.

Constitutional Amendment No. 21, permitting corporations, not quasi public, to extend their charters, has the approval of all whoo have studied its merits. Forfear it may fail of passage on account of ajathy on the part of voters, give it your help and influence. It will be a benefit to big banks and little banks alike, also to tall commercial corporations, not quasi public.

John MacBain being a practical builder should be retained on the Board of Supervisors for he will be of great assistance during the construction of the new courthouse and can save the taxpayers much money. His associates on the Board have given him power to act and every inch of work done on the building has been and is carefully watched by him. This is the chief reason why he should be re-elected.

The last issue of the Democrat has the following to say:

"Any Democrat who does not support Patsy McEvoy in the hard fight he is making has not much of the spirit of forgive-and-forget in him.

Is there something in Mr. McEvoy's record that should be forgotten? Has he done anything that should be forgiven? Let the voters of the Third township decide.

A straw vote was taken at the Jewel theatre in Santa Cruz Tuesday evening and the result was as follows: Taft 20 votes, Bryan 10. For Senator Ross 20, Holohan 9. That looks good for Hall C. Ross. He is now assured a majority in Santa Cruz county.

IN THE SUPERIOR COURT OF the County of San Mateo, State of California, (Probate).

In the Matter of the Estate of Elmer E.Caine, deceased.

Notice of time appointed for probate of will.

Notice is hereby given that Thursday, the 19th day of November, A. D. 1908, at 10 o'clock A. M. of that day, and the Court Room—Probate—of said Court, at the Odd Fellows Building Redwood City, in the County of San Mateo, State of California, have been appointed as the time and place for proving the last Will and Testament of said Elmer E. Caine, deceased and for hearing the application of James Tyson for the issuance to him of Letters Testamentary thereon.

Our Interests Safe with Hayes

There is no subject that quite so much concerns Redwood as better facilities for receiving freight by water. If this matter had all along received proper attention from our people, Redwood City would undoubtedly be now the largest and best town between San Francisco and San Jose. While her own people can do much by being liberal, toward inducing manufacturing industries to locate here, yet the greatest inducement would be an early and certain connection with deep water. That will probably never be gained, except by the aid of the United States Government. Years ago an appropriation was secured and some good work done. Another appropriation is needed and needed bad. Who is most likely to secure it for us—Tracy or Hayes? The election of Taft and Sherman is all over now but the shouting. Even as conservative a paper as the New York World concedes that Taft can be elected even if Bryan should carry New York and Indiana; and few believe he can do that.

With Taft in the White House what can Tracy do for Redwood City and her supreme desire for an appropriation to dredge her creek? Absolutely nothing at all. If elected, Tracy would be unknown and his merits unsung. What chance would he have to secure an appropriation to deepen our creek, when so many creeks need attention in districts safely Republican? We must say none at all. Such treatment might be unjust, but the party in power is not likely to do much to build up the strength of its rival. Then if Mr. Tracy is chosen, he is so peculiarly a product of San Francisco politics, that the metropolis (which must elect him if he is chosen at all) will demand and receive all his attention. Other things being equal our needs have some chance for consideration by a San Jose man, and none at all, if left to the tender mercies of a man primarily representing the City. And other things are not equal. If Mr. Hayes is chosen, AS WE BELIEVE HE WILL BE, he can't help having a warm place in his heart for the little county that regularly gives him such handsome majorities, and spends none of its energy kicking his shins. We leave that heartless job to our bigger sisters. Many of our leading citizens were present at the Republican rally and heard Mr. Hayes pledge himself to do what he can for our pet scheme. He is known to be a man of his word. He don't make promises without some knowledge of the effort necessary to make good. With his ability, knowledge and experience at our command there is some hope of getting Uncle Sam to dredge our creek. With Tracy in Congress, Redwood creek will continue to flow uptroubled to the sea.

In regard to the value of experience in Congress, Mr. Hayes when addressing his many friends in the Army and Navy League at San Jose Saturday night said, "I know I can do more than any new man. The reason Maine has had more to do with the Government than any other state is because she keeps her Representatives there. They become Chairmen of important committees. Only a few years ago they had the Speaker of the House. The only reason why Joe Cannon is Speaker is because he has been in the House 32 years, and most of the Chairmen of committees have been there 18 or 20 years. When a man goes to Congress he starts at the bottom of the ladder. Most of the committees have 17 to 19 members—11 Republicans and 6 Democrats. The new man starts down at No. 11. As terms go by and changes are made in the personnel of the committee he moves up toward the Chairman, and may finally become Chairman when he has more power than all the rest of the committee." Now this is no fairy story, but a cold statement of the facts by a man who has been four years in Congress—quite long enough at least to learn the ropes. We don't want a Representative who will be No. 11 or more likely No. 17 or 19. He can do us no good.

The good opinion of his fellows is always worth something to a public man. At the close of his address at Los Gatos Congressman Kahn spoke seriously and earnestly of the necessity of the people of the Fifth District to return Congressman Hayes to Congress. "I have served with Mr. Hayes in Congress four years, and I tell you that there is not a more honest, sincere, incorruptible, earnest member of the House of Representatives than E. A. Hayes of Santa Clara County. What he has told you of the disastrous possibilities in a revision of the tariff is true, and you people of the Fifth District would make a tremendous mistake if you should not re-elect him. He is a man who knows how to do things. He is worthy in every way of all the support you can give him and of all you can bring him."

We cannot believe that the voters of this district will turn down a man of the ability, character and expesience of E. A. Hayes in order to send to Congress a professional labor agitator forced on the unwilling Democrats by Boss McNab. If they do, we are sure San Mateo county will not share in such small politics.

Santa Cruz county has had the Senator from this district for the last four years. San Mateo is entitled to the Senator for the next term. Hall C. Ross is the candidate from San Mateo. Everyody vote for him.

Playing cards, tally cards, punches, stars, and other card-party sundries. Articles for prizes. A. D. Walsh Co., Pioneer Drug Store, No. 12 A street.

Let us all pull together and elect the entire Republican ticket.

IN THE SUPERIOR COURT OF THE COUNTY OF SAN MATEO, STATE OF CALIFORNIA.

In the matter of the Estate of Hattie D. Kreiss-Green, Deceased. No. 971.

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE.

Robert H. Green, the administrator of the estate of Hattie D. Kreiss-Green, deceased, having duly presented to and filed in the above entitled court and matter his verified petition praying for an order of sale of certain real estate belonging to the estate of said deceased; and it duly appearing to said court from said petition that it is necessary, and that it will be for the advantage, benefit and best interests of the estate and those interested therein, to sell the whole or some portion of the real estate of said deceased for the purposes and reasons mentioned in section 1537 of the Code of Civil Procedure and in such petition,

IT IS ORDERED, that the heirs of said deceased and all persons interested in the estate of said deceased appear before this court on Monday, the 9th day of November, 1908, at the hour of ten o'clock a. m., at the court-room of said court, Odd Fellows' Building, Redwood City, California, and then and there show cause, if any they have, why an order should not be granted to said administrator for the sale of said real estate at either public or private sale, and as prayed for in said petition; and

IT IS FURTHER ORDERED, that a copy of this order be published at least once a week for four (4) successive weeks before the said day of hearing in the Times-Gazette, a newspaper printed and published in said county of San Mateo, State of California.

Dated this 8th day of October, 1908.

GEO. H. BUCK,
Judge of said Superior Court.

(Endorsed):
Filed October 8th, 1908. Jos. H. Nash, Clerk, by W. J. McGarvey, Deputy Clerk.
Ross & Ross, attorneys for said Administrator, Redwood City California.

Vote for Senate Amendment No. 14

Senate Constitutional Amendment No. 14, to increase the salaries of certain State Officers will be voted on at the general election to be held in this State on November 3d. The Amendment fixes the compensation of the officials named as follows:—Governor, $10,000 per annum; Lieutenant Governor, $4,000; the Secretary of State, Controller, Treasurer and Surveyor-General, $5,000 each per annum, and the Attorney General, $6,000 per annum.

In support of this Amendment the following considerations are urged.

The population of this State at the time of the adoption of the Constitution was 864,694, and is now nearly 2,000,000.

The assessed valuation of property in this State at the time of the adopion of the Constitution was $666,202,674; it is now $1,991,554,603.

For a number of years previous to the adoption of the present Constitution, the salary of the Governor was $7,000, and the salaries of the other principal State officers were $4,000 each. The chief deputies, including the Private Secretary to the Governor, generally received $2,400 a year, except that the Deputy Controller was paid $3,000. Clerks in many instances received $1,500, although some were salaried as low as $1,500.

At that same period many county officers were paid liberal salaries; taxes were high (State taxes for the five annual levies before 1879 averaged 63 cents on the $100), and during the hard year which preceded the assembling of the convention in 1878 there was a popular demand for retrenchment in salaries and Government expenses all along the line. It was expected that the adoption of a new Constiution would result in reducing the annual cost of running the State Government.

The Constitutional Convention, with little debate or difference of opinon, adopted the salary schedule reported by Committee, which cut the Governor's salary from $7,000 to $6,000 and the salaries of other State officers from $4,000 to $3,000.

For the last year, before the adoption of the present Constitution, the total expenditures of the State Government wer $3,544,361.63. For the fiscal year ending June 30, 1907, the State expenditures were $14,154,987.78.

After the reduction of the Governor's salary to $6,000 and that of the other State officers to $3,000, the salaries of chief deputies were continued for many years at $2,400 (the Deputy Controller being reduced to that figure), but in recent years most of them have been raised to $2,750. At this rate a Deputy, who usually does not have to pay a premium on an official bond and who is less subject than is his chief to demands for campaign contributions and public suscriptions, has a better thing of it financially than his princpal. In some of the offices former clerks' positions have been raised to the nominal grades of bookkeepers, experts and statiscians, and in this way a number of $2,400 and $2,000 salaries are paid.

It is therefore obvious that the Amendment should carry. Public officers ought to be paid well. Attractive salaries will bring good and able men to office. It behooves everyone to vote for Amendment No. 14.

IMITATION PEARLS.

They May Be Detected by the Hole Drilled Through Them.

The means of ascertaining the genuineness of pearls, which are frequently imitated with marvelous skill, is especially important to the layman, even though the jeweler may quickly detect them. Imitations are usually lighter than real pearls and generally are brittle, although some are made solid of fish scales and do not break so easily, while the holes, which in the real pearl are drilled very small and have a sharp edge, are in the false larger and have a blunt edge. As a rule, the imitation pearls are like hollow spheres of glass colored internally with a coating imitating the orient of natural pearl.

The manufacture of these articles embraces two series of operations—the production of the sphere and the introduction of coating. The spheres are produced by the glassblower, who by aid of an enameler's lamp solders the extremity of a tube when the substance is of the right consistency. In this way are obtained very regular little spheres that serve for the composition of the ordinary quality of false pearls.

In the more beautiful imitations the tube employed is slightly opalescent, and the glassblower, besides, gives to the little spheres while they are yet malleable certain slight perceptible inequalities of surface by gently tapping them with a small iron bar. This gives them a still greater resemblance to natural pearls, which are very seldom absolutely regular.—Exchange.

WEIGHT OF PLANETS.

It Is the Mass of the Body That Counts With the Astronomer.

If a ham weighing thirty pounds were taken up to the moon and weighed there, the "pull"—the attractive force of the moon upon the ham—would amount to only five pounds. There would be another weight of the ham for the planet Mars and yet another on the sun. A ham weighing thirty pounds at New York ought to weigh some 800 pounds on the sun's surface; hence the astronomer does not speak of the weight of a planet, because that would depend upon the place where it was weighed. But he speaks of the mass of the planet, which means how much planet there is, no matter where it might be weighed.

At the same time we might, without any inexactness, agree that the weight of a heavenly body should be fixed by the weight it would have in New York. As we could not imagine a planet in New York, because it may be larger than the earth itself, what we are to imagine is this: Suppose the planet could be divided into a million million million equal parts and one of these parts brought to New York and weighed. We could easily find its weight in pounds or tons. Then multiply this by a million million million, and we shall have a weight of the planet. This would be equivalent to what astronomers might take as the mass of the planet.—Current Literature.

A Use For His Hat.

A funny incident of a drawing room meeting was recently noticed. A grave looking gentleman, with an unusually tall hat, entered and, seeing no rack in the hall, placed his hat on the floor just behind the door. Pretty soon another grave man entered, with a large, dripping umbrella, and, peering anxiously for the usual receptacle, saw in the gloom the hat resting on the floor. His eyesight was probably poor, for he mistook it for one of the new umbrella holders, and in it he deposited his dripping umbrella. This was an example for those who followed, and in a short time the solemn looking hat was stanchly holding a dozen umbrellas. At the end of the meeting the water in the hat was an inch in depth.—London Tit-Bits.

BIG CARNATIONS.

They Were Cultivated In England In Shakespeare's Time.

A florist says that we pride ourselves nowadays on the size of our carnations, but the florists of 300 years ago grew carnations three to four inches across, as large as any that we see, and thought nothing of it.

"All through Spain, southern France and Italy the carnation is the favorite flower and has been for hundreds of years, but along the Mediterranean there are few glass houses, for in protected situations and on southern slopes of hills even delicate flowers grow outdoors all winter long and bloom as freely at Christmas as in July.

"The big carnations, however, were not grown in Spain or Italy, but in England outdoors during the summer time and before glass houses were known. They may have grown just as large carnation flowers in Spain as in England at that time, but in England there was record made of the fact and also of the size, while in Spain there was not. Shakespeare mentions carnations and gillyflowers, or July flowers, together as blooming at the same season, which shows that the carnation was then a summer flower, whereas in our greenhouses it is now a winter bloomer. How the florists of those days treated the plants to obtain blooms of such size nobody knows, for old time florists grew flowers instead of writing books about them. So all we know is that they had very large carnations in Queen Elizabeth's time without knowing how they were grown."—St. Louis Globe-Democrat.

A Tough Cure.

Faith will do wonders. A woman in Devonshire, England, recently said to a chemist:

"I've got a cruel, bad cough, surely. I've heerd that bronchial troches are good things. Hav'ee got any?"

The assistant pointed to a small box on the table and said:

"Yes; there they are."

"How much is it?" was the inquiry.

The price was paid, and the old woman took her departure. At night the assistant missed a box of glycerin soap (three cakes).

A couple of days afterward she returned to the shop and said:

"I want'ee to take back two of them things I had t'other day. I took one of 'em. It was mortal hard to chew and awful to swallow, but it cured the cough."—London Queen.

A COMICAL LAWSUIT.

Odd Revenge of the Whimsical Count De Lauraguais.

The Count de Lauraguais was one of the most singular characters of a whimsical time. He was full of oddities and had a reckless spirit of daring. The boldness of his language and action once drew upon him the displeasure of Louis XVI., who banished him from Paris, but he came back on a festal day and was seen in the very face of the court walking about a race course. The king winked at the escapade. Such a culprit was incorrigible.

But one of the most absurd of his antics had to do with the Prince D., a very dull courtier, against whom he had a grudge. One day the count applied very gravely to a physician, asking if it were possible for a person to die of ennui.

"Such a thing," said the doctor, "would be very singular and very rare."

"But what I want to know," said the count, "is whether it would be possible."

"Well," answered the doctor, "a long continued state of ennui might induce some disease, such as consumption, and in that sense it might cause the patient's death."

On this the consultation was written down and signed at the count's request and the fee paid.

Next he went to an advocate and asked whether he could make a legal complaint against a man who by any means whatsoever had formed a design against his life. The advocate assured him that there was not the least doubt of it and in his turn signed a declaration. Armed with these documents, the Count de Lauraguais instituted criminal proceedings against Prince D., who, he declared, had formed the design of tiring him to death!

Of course the suit ended in laughter, but he had had the satisfaction of telling the world how his enemy impressed him.

About the Limit.

A newly married couple came in a hotel where we were resting and asked how much it would cost to get two bowls of boiled rice and milk and were informed that the price was 15 cents per portion. The groom pulled a small package wrapped in a bit of newspaper from his pocket and, opening it, displayed about a double handful of rice, which he said they had gathered from their clothing after the shower which followed the early morning wedding. He inquired how much would be deducted if they furnished their own rice and upon being informed that no allowance could be made became indignant and remarked that they would wait until they reached home for their dinner rather than submit to such unfair dealing and left the place. The proprietor said that the young man owned one of the best farms in the town and had established quite a famous reputation locally for economy, although that is not exactly the way he expressed it.—Forest and Stream.

Lowell Got His Whacks.

In his volume on the practice of diplomacy John W. Foster relates an illuminating anecdote concerning James Russell Lowell when he was our minister at Madrid. At a royal reception Minister Lowell, in plain evening dress, was preceded up the palace stairway by a minister from Central America, gorgeously appareled, wearing a jewelled sword, who was saluted at each landing by the magnificent halberdier with a heavy whack of the battle ax on the marble pavement. As Mr. Lowell wore no insignia of office, he received no attention. At last, his patriotic blood boiling, he addressed the halberdier in excellent Spanish, "Do you know who I am?" "I don't." "Well," said Mr. Lowell, "I am the minister plenipotentiary of the United States of America, the greatest nation on earth, and if you don't whack the next time I pass you I will forget you at Christmas!" And the halberdier whacked thereafter as directed.

Reading the Face.

Restless eyes denote a deceitful, designing disposition; greenish eyes mean falsehood, malice and a love of scandal; blue eyes tell of tendency to coquetry; black eyes mean a lively, spirited and sometimes deceitful character; eyes with a yellowish, bloodshot white usually betoken strong emotions and hot temper; gray eyes mean dignity and intelligence and brown eyes a tender, true, kind and happy nature. A mouth had better be too large than too small, for a very small, pursed up mouth is seldom significant of good conversational power. Large mouths are more often found in conjunction with liberal dispositions than very small ones. A person with a pointed chin is fanciful, refined in taste and difficult to please. A broad, square chin signifies ardent love, often accompanied by jealousy. A broad, round chin means ardent love, with a steadfastness and purity of affection.

When Did You Oil Your Watch?

When did you oil your watch last? Never? You may remember when you lubricated your sewing machine, typewriter, lawn mower or grindstone—within a year, probably—but your watch you never oiled, that you can remember. Yet in a period of eighteen months the balance wheel turns on its axis 13,996,800,000 times. Expert watchmakers say that a watch should be thoroughly cleaned and oiled every eighteen months. Many persons wear a watch for years, winding it up each night, and never oil it. Watches are instruments of uncertain age; some run indefinitely, keeping accurate time, without need of repairs. As a matter of fact, nothing is so neglected as this small, delicate and useful instrument. —North American.

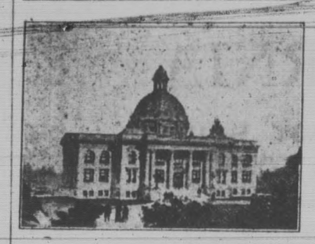
CONCERNING REDWOOD CITY.

Redwood City, the county seat of San Mateo county, California, is situated on the coast division of the Southern Pacific railroad, 29 miles south of San Francisco and at the northerly end of the far-famed Santa Clara valley; it is also at the head of navigation on Redwood Creek, an arm of the Bay of San Francisco, and on the right of way now being ob-



San Mateo County's New Courthouse, now being erected at Redwood City at a cost of $250,000.

tained for three electric railroads from San Francisco to San José. Its climate is unsurpassed, having none of the rigorous winds of the more northerly portion of the peninsula, and also escaping the excessive heat of the southerly portion. The extremes of temperature during the past fifteen years have been from 31 degrees in January to 99 degrees in August and September, the average rainfall is about 22 inches. The town proper embraces an area of about 2700 acres and contains 2500 inhabitants. The prominent buildings consist of a new $250,000 courthouse, an up to date twelve room grammar school with large assembly hall, costing $50,000, having nine teachers and being attended by 300 pupils, a new public high school of eleven rooms, costing $60,000, employing five teachers and attended by 170 pupils, a $10,000 Carnegie Library, [illegible] theatre, the fine [illegible] course of erection [illegible] joined high school is located in the University of [illegible] and Leland Stanford Jr. University, the latter being only five miles distant. There is also a private school conducted by the Sisters of Notre Dame. Religious denominations are Catholic, Congregational, Episcopal, Methodist and Baptist, each having their own house of worship and parsonage. All the principal fraternities are represented and are quartered in routinely equipped lodge rooms. The principal streets are bituminized, the side streets oiled and eight miles of new water pipe laid. The industries consist of two tanneries, employing 250 men, one leather-finishing factory, two extensive salt works, two large lumber yards, a large codfish packing plant, one planing mill, one flour and feed mill, electric light plant and gas works, and in the vicinity dairying, farming, vegetables, fruit and berry culture, potted plants and cut flowers, with many elegant country homes. The principal business houses are one National, one Commercial and two Savings banks, one Building and Loan Association, two newspapers, seven hotels, numerous rooming houses, two livery stables, grocery stores, two hardware stores, restaurants, dry goods and gents furnishings, two drug stores, two laundries, two cigar factories, one motorcycle shop and an extensive Chemical works.

FRENCH SENTIMENT.

The Way It Classifies the Greatest Men of the Nation.

The Petit Parisien in 1906 conducted a very interesting plebiscite, the object of which was to ascertain who, in the opinion of its readers, were the ten greatest Frenchmen of the nineteenth century. More than 15,000,000 votes were given, and the result was that Pasteur came out at the top of the poll with 1,338,425 votes. The next were Victor Hugo, who received 1,227,103 votes; Gambetta 1,155,672, Napoleon 1,118,034, Thiers 1,039,453, Lazare Carnot 950,772, Curie 851,107, A. Dumapere 850,602, Dr. Roux 603,941 and Parmentier 498,863. Immediately following were Ampere, the electrician; Brazza, the explorer; Zola, Lamartine and Arago.

It will be observed with interest how large is the proportion of scientific men in the number of those who, in the opinion of Frenchmen, occupy the highest places in the records of the country. Napoleon is only fourth, though Pasteur heads the list, and Curie, Roux and Parmentier, the chemist who introduced the culture of the potato into France, are also honored, while Ampere and Brazza are not far behind. Literary men and statesmen dispute with the scientists for the highest distinctions, and the national sentiment of France is evidently eclectic.

HIDDEN TREASURE.

New Zealanders Dig For Kauri Gum In the Ground.

Many New Zealanders find it profitable to dig for hidden treasure. That for which they dig, however, is not gold or Captain Kidd's ill gotten wealth, though it has a dull yellow color. It is kauri gum, a resinous substance which is the product of the kauri pine tree. The gum can be secured from the trunks of trees while they are alive, for it protrudes in lumps, but it is especially profitable to dig for it in the soil about the stumps remaining after the trees have been cut down. Sometimes chunks weighing as much as 100 pounds are taken up from the ground.

Digging for kauri gum is profitable, for the gum is used in the manufacture of varnish, and apparently it is one of those products of nature whose place cannot be filled by anything else which has yet been discovered. It has been found that it can be used in certain enamel paints, and this has had the effect of bringing the demand up to a point above the supply.

The kauri pine is a magnificent tree. It rises as straight as a needle to a height of from 150 to 200 feet and attains at times a diameter of fifteen feet. It is noted for its dark, dense foliage and is much used for masts for vessels constructed for the British navy.

TIPPED AS HE WENT.

His Promise to Pay a Lump Sum Weekly Did Not Bring Results.

"I had heard all about the tipping system in Europe before going abroad," said the young man just returned from his maiden voyage, "so I thought I'd inaugurate a new system. At a fashionable hotel in London the valet assigned to my floor was the subject of my first experiment.

"'See here,' I said in a frank, jovial manner when he came in to attend me, 'I want to make an arrangement with you. It's an infernal nuisance to be handing out tips every few minutes, or, at least, when I want anything done. Now, I purpose to lump the whole thing in weekly payments. I expect to be here at least three weeks. You look after me to the best of your ability, and at the end of each week I'll make it all right with you—in fact, I'll give you more in a lump sum than you would get in tips. Is that satisfactory?'

"'Quite, sir,' he said cheerfully, but I fancied he looked disappointed.

"'Very well,' said I. 'I'm going out for a drive about town. Meanwhile take my evening clothes out of my trunk, have them pressed and laid out for me. You'll find studs and buttons for the shirt in that box on the dresser. My shoes are in that valise.'

"'All right, sir. Very good, sir. Thankee kindly,' said he, and I left with a feeling of elation.

"When I got back to the hotel I found my evening clothes still in the trunk, the shirt and shoes untouched and, in short, 'nothing doing.' Next day I went back to the old system."—New York Press.

Short Stay, Neighborhoods.

A man who contemplated going into business for himself looked around for a good location. He rejected the advice of two friends who had suggested neighborhoods which they thought desirable.

"I don't like either of the places," he said. "Business can't be good around there. I have passed through those streets many times, and always I have been struck with the frequency with which the [illegible] are changed! [illegible] promising [illegible] profitable [illegible] None [illegible] of the [illegible] neighborhoods for me."

That "Investigation"

In last Thursday's issue of the "Democrat", it was stated that after a "thorough investigation" it was found that tthere was no shortage in Mr. McEvoy's Road Fund. What does the result of that? Who made that sweeping investigation, and where was it made, in the Democrat Office?

As a matter of record, and straight facts, the Cash Books in the office of the Auditor of San Mateo County, show that during Mr. McEvoy's Administration, the sum of $3,070.22 was transferred on June 20th, 1903, from another County Fund, of wnich sum $1,27.90 was transferred back to the fund from which it came, and in December, 1904, Mr. McEvoy's last month in office, the sum of $3,000.00 was transferred to his road fund from another fund. This of course, was not returned in his term of office. Unpaid claims, amounting to about $7,000.00 were left upon Mr. MacBain's hands, and he went into office with the sum of $333.60 to the credit of the Third Road District During John MacBain's first month in office the sum of $487.15 was paid out onclaims, and $163.00 worth of gravel was sold by him, leaving $9.45 to hiscredit. In his second month, he paid out the sum of $8.00 on claims and left to the credit of the Third Road District $1.45, as shown by the Cash Book in the Auditor's office, which is a public record, and available at all times.

JOSEPH J. BULLOCK FOR SUPERIOR JUDGE

Joseph J. Bullock the Republican nominee and candidate for Superior Judge is one of the most well known citizens of San Mateo county For the past twelve years he has held the responsible position of District attorney of this county. During that period of time he has met also all the citizens of San Mateo county. He is the legal adviser of this county and during his incumbency as District Attorney he has saved many thousands of dollars to the taxpayers. The office of District Attorney brings the incumbent of that office in direct contact with its citizens; he has been the arbitor of the public peace, he must necessarily decide many disputes between its citizens and to the credit of Mr. Bullock he has made neighbors who were inclined to bring their troubles into court settle their differences and amicably agree to be friends.

The office of District Attorney is the most trying office in the county; and Mr. Bullock has for three successive elections been elected to that offic by the largest majority of any candidate upon the ticket.

He is a man of mature years, well versed in the law--of sound judgment and of sterling integrity, and the best evidence of his popularity has been the large majority which he has always received; it is now conceded that the people of San Mateo county recognizing his many good qualities; his sound judgment; his popularity with the masses of the people; his firm stand in favor of the workingman; his desire to see fairne done to all; his record as a lawyer, and District Attorney assures him that he will receive a large majority at the hands of his constituents.

As one of his democratic friends states: let us all irrespective of politics reward Bullock for his past faithful record, by voting for him on the 3d of November, and we will have a capable, firm and Judge in Joseph J. Bullock.

John Has Something to Tell You

Redwood City, October 30, Editor Times-Gazette:—I see that the Democrat comes out in an article Thursday urging every Democrat to vote for McEvoy for Supervisor. Patsy Mc Evoy has no claim on the party for support. He broke from it years ago. It will be remembered that he was beaten in the Democratic convention for Supervisor 8 years ago by Louis Frank. He broke from the party then and ran independent and was elected. I can not see any reason why any Democrat could consistently support the candidacy of Mr. McEvoy. Yours sincerely,

I would also call your attention to the follwing plain statement of facts why every property holder in Redwood City should vote for John MacBain next Tuesday. This is a matter of Record; and had not the tax carried, the County seat proposition would probably have come up for a vote and Redwood City would have been stranded high and dry.

On the third Monday of September 7 years ago the question of levying at 25c rate for building a new Court House came up before the Board and the Supervisor from the Third District refused to vote because Redwood City had snowed him under in the campaign of the previous year. The rate was levied any way but not by his help. Think of this fact before you vote next Tuesday, Citizen.

JOHN HANLEY.

One of the oldest Democrats in San Mateo County.

Boost; Don't Knock

It appears that the "Democratic" candidate for Supervisor claims that the County Auditor "Should" present his report o the Board of Supervisors each month, showing the aggregate amount of allowance that can be made against the several funds of the County for each month. In justice to Mr. Underhill we would state that these reports are made promptly each month and are matters of record and can be seen at any time in the office of the County Clerk, or copies thereof are available in the Auditor's office.

Don't knock. Boost. If you can't say something good about a man, keep mum.

MENLO PARK HAPPENINGS

Miss Helena Hansen and Miss McCormick of Pescadero were the guests of the Misses Casey last Sunday.

John O'Farrell has nearly completed his cottage on the County Road near the residenc of V. Mitchell.

Miss Meta Kugeler spent a few days in San Francisco during the week.

Geo. Vincent is building a cosy cottage in the Dominga tract.

Mrs. J. J. Downey and her young son spent the week end with the former's mother in San Francisco.

Mrs. H. Aggard has so far improved as to be able to visit friends here during the week.

Mrs. Jane E. Loveland's commission as post-master of the local office is soon to expire and as she is not seeking a reappointment there are three candidats in the field for the coveted prize. James G. Mason has a lengthy signed petition. Miss Gussie Tuttle and Miss Ada Ferguson also are circulating petitions that are being generously signed. These petitions will be forwarded to Congressman Hayes who will make the recommendation to the postoffice department at Washington for the appointment.

A surprise party was given to Fannie and Earl Cross at their parent's home Thursday of last week by their little friends. The children brought a plentitude of cake and refreshments and Mrs. Cross assisted in making the little tots happy. Master Earl assisted at the phonograph to the delight of his playmates. School songs were sung and the evening was delightfully passed. Mr. Cross leaves Monday to take charge of the section from Mayfield to Los Gatos. The Southern Pacific has built him a brick cottage at Congress Junction to which he will move his family in two weeks.

W. T. Casey has returned from the East after a sojourn of five weeks. He visited Chicago, Indianapolis and other large cities and saw many point of interest. He was amazed at the numerous attractionss he met on all sides but after all thinks there is no place like California and was glad to get back to the land of sun shine and balmy breezes.

The Redding home at Fair Oaks has been rented to an Eastern man for a year and a half. The Reddings are spending the winter at the Fairmont in San Francisco.

Owing to the low condition of the Bear Gulch Lake it is advisable to boil the water before drinking.

Geo. Carter has returned from the Gilroy Hot Springs much improved in health.

Menlo Park School, Oct. 22, 1908:—To the parent or guardian: Complaints have come to me concerning the misbehavior of pupils coming and going to schol and I ask your co-operation in stopping the nuisance. Pupils must pass directly home after dismissal and go directly to school when leaving their homes. Their time should be spent either at home or at school and not on the streets, if we desire to make good citizens of them. I feel confident you realize the importance of this matter and will aid me in breaking this "street" habit, which, if continued will reap great harvest of vagabonds and loafers. An old proverb says, "Good books are the best companions" and I ask you to encourage the children to read at home and to do some study each evening. Let this habit grow up with them and they will find school work and study a pleasure rather than a task, their minds will turn towards the better things of life and their ideals will reach higher than those of the street urchin. It the upper grades, at least one hour should be devoted to study of school work each evening and in many cases a great deal more. Respectfully, W. E. Ulrici, Principal.

You can order any style of cake you wish at the branch of the Palo Alto Home Bakery. Fresh bread, pies, cakes, etc., daily. Give it a trial. B. Liedberg, Oak Grove avenue, is the agent.

ADVICE TO REPUBLICANS.

Don't scratch. Vote straight.

Stick to your party and vote a straight ticket.

Vote for the Taft electors; Hayes for Congress; Ross and Holmquist for the legislature; Bullock for judge; and Eikerenkotter, MacBain and Johnston for supervisors.

The one way to make certain that your vote will count is to make just one stamp in the circle at the head of the first column on your ballot, and stop right there.

No Republican can afford to take any chance of wasting his ballot; all our candidates are worthy men and have worked for the party; vote for all of them.

Don't scratch; vote straight.

You are a Republican; you believe in the principles of your party; you wish to uphold and advance it; then vote for its candidates.

One cross (x) is better than a dozen, and takes less time to make. It's just right.

Don't muss your ballot with crosses. Stamp an x in the first circle at the top. Say—"That is a good Republican vote," and stop.

A presidential year is a good time to start right. Let us see how many straight tickets we can cast.

DON'T SCRATCH.
VOTE STRAIGHT.

One Section Completed

The first fifteen-foot section of the center cylinder of the Dumbarton drawbrdge is completed and the second big section of similar dimentions is being erected, and when it is completed the two sections will be forced down into the bed of the channel and another section added. This will continue until a sufficient length and height of cylinder is attained, then the water will be pumped out, piles will be driven around the inner periphery of the cylinder and then the remaining space will be filled with concrete, which, when fully hardened, will make a solid, rigid column on which the draw bridge will be pivoted.

Local School Pride and Candidates for the Legislature, Hall C. Ross and H. E. Holmquist.

It should be a matter of great local pride that two of the candidates for the next legislature are graduates of the Redwood City Grammar School and Sequoia Union High School.

The tax payers of these two districts have freely voted for the issuance of bonds for the purpose of raising funds with which to build and equip their schools and for years past have paid their school taxes without a murmur. The idea of every tax payer in thus cheerfully incurring a debt and consenting to pay, year after year, taxes for school purposes undoubtedly was that the pupil of the district might be fully prepared and equipped to meet and solve the problems which would present themselves in the various walks and events of life. The test may now be made whether pupils prepared in these schools can and will "make good" in the legislature where laws are enacted, and whether the money of the people has been well invested in the schools.

Both Hall C. Ross, candidate for Senator, and H. E. Holmquist, candidate for Member of Assembly, graduated from Sequoia Union High School and were admitted to Stanford University on recommendation for the work done by them at Sequoia. To that extent it was shown that our schools were giving the right kind of instruction and the boys had profited by it. Both Ross and Holmquist graduated from Stanford with honor and each was given the degree of Bachelor of Arts, thus proving that the proper foundation in education had been laid by our teachers in Redwood City. No word of reproach has been uttered against the character or integrity of either of them; both are industrious and energetic; both are married and are making a success in life; both have aspirations for advancement; both come before the tax payers of the district and say: "We remember how generously you aided us in getting our education; we are mindful of the favors heretofore shown us by you; and we promise that if you shall now again trust us we will prove by our records in the legislature that your confidence was worthily bestowed."

Do not the electors of the district believe that Ross and Holmquist can and will serve them as intelligently and faithfully and will work as earnestly in their interests as gentlemen from without the district or county? If so then every voter from Belmont, Redwood City, Menlo Park, Ravenswood, Los Lomitas, West Union, Greersburg and Portola districts, without regard to politicts should cast his ballot in favor of Hall C. Ross and H. E. Holmquist, the Sequoia UnionHigh School boys, and be able to point with pride to our local graduates sitting in the legislature, the equals of men from any portion of our state.

VOTE RIGHT TUESDAY CAST YOUR BALLOT FOR JOE

The candidacy of Mr. Joseph J. Bullock for Superior Judgship of San Mateo County has received the hearty support of every good Republican in the County. In bestowing the nomination upon Mr. Bullock the party was conferring but just recognition upon his faithful and efficient services as District Attorney. During his encumbency in this important office he has shown that he has a deep grasp upon all legal points and matters of jurisdicial prudence. He is also a deep student and it has been his one aim tmo keep abreast of the times. In every matter which has come before him he has acted impartially, and has given his best effort to the prosecution of crime. The only way to judge of the future is by the past, and judging by the past we can say that Mr. Bullock will make as good a judge as any man who has ever occupied the bench in this state.

Mr. Bullock is a man in the prime of life. His large and varied practice has fitted him to fill admirably the position to which he aspires. It has always been the aim of the Republican party to put up the best possible man for a position and at this time every republican can conscientiously vote their party ticket.

In appearing before the people at the frequent rallies, Mr. Bullock has promised that he will have no friends to favor or foes to punish and knowing the man we know that this will be his plicoy. A vote for Bullock is what is expected from every consistent Republican.

Appraisers Appointed

Judge Buck has appointed appraisers in the estate of Albion H. Whitney, deceased:—F. B. Harkness, T. C. Marum and Geo. W. Morrow.

The Court also appointed the following appraisers in the estate of Dora Cohen, deceased. Henry Sieroty, Henry Renstein and Sidney Kahn.

PICKED UP BY REPORTERS

BURLINGAME, Oct. 30.—The postoffice safe was blown open last night by thugs who escaped with their booty, amounting to $100. Entrance to the postoffice, which is located in the Burlingame Drug Company's building, was effected by opening the back doors with a jimmy. A slight charge of powder was placed on the lock of the safe, which was a small one, and after it was blown off, the doors and drawers were forced with a jimmy. The police are looking for two suspicious characters who were hanging around the city yesterday forenoon.

South City Wants Eikerenkotter

SOUTH SAN FRANCICO, Oct. 30. The people of the First township will have an opportunity of showing their appreciation of honest effort and consistent labors by re-electing Julius Eikerenkotter by an overwhelming majority next Tuesday. During the eight years in which Mr. Eikerenkotter has served the people his one effort has been to put to the most and best uses the money which has come to his district. When he assumed control of the affairs of the First township the roads were in a deplorable condition, and the bridges, where there were bridges, were constructed of a flimsy material. Today the roads leading from the county line to the beginning of the Second township are the equal of any found in the State, and the bridges are constructed of the finest concrete, which will withstand the wear and tear of time to come.

Another important reason why we should vote for Mr. Eikerenkotter is his untiring efforts toward bettering the conditions of the laboring man, he having lowered the county working hours in his district from nine to eight, and at the same time increased their wages from $2.00 to $2.50 a day.

His advocacy for good roads was shown by his activity in securing the boulevard, which is a perfect roadway connecting San Francisco, Colma and South City with San Mateo.

Mr. Eikerenkotter has always proven a staunch supporter of education and educational interest. The people of San Bruno Park should appreciate his efforts along this line for having obtained for them a separate school district; and, although the time had elapsed in which a district could be formed, he secured the consent of the Board of Supervisors to have a temporary district established until a regular district could be formed. Furthermore, he personally visited the Trustees of the Jefferson district and asked them to give the people of Vista Grande a teacher. This action on his part resulted in the establishment of the present school in that growing section.

He has always shown his interest in the welfare of his constituents by the recent smelter controversy and the support of the applications for incorporation. Mr. Eikerenkotter is making a clean and decent campaign and can point with pride to all of his public record.

Thirty-Four Per Cent Increase

Vote for Honest John MacBain For Supervisor Third Township

In Answer to Mr. Bruce

The recent article signed by Mr. James Bruce, referring to Joseph J. Bullock, is a political effort of his Democratic friends to swerve the popular feeling which is now waving all over the County in his favor. Mr. Bullock will from all indications receive a large vote, larger than any which has ever been cast for any candidate for the office of Judge.

And the attempt of Mr. Bruce has been inspired by a last Democratic hope to incompass his defeat.

The person referred to in the Democrat who died, died in Santa Clara County, where Mr. Bullock as District Attorney of San Mateo County has no official jurisdiction; the cause of his death was investigated by the Santa Clara authorities; Mr. Bullock had no authority to interfere.

Mr. Bruce is an ardent agitator against Mr. Bullock but has not given the true facts. Every mechanic in San Mateo county has in Mr. Bullock a firm friend. He has addressed labor counsels and labor organizations; and above all men Bullock as Judge will act fairly to rich and to poor.

Sincerely yours,
A Stone Cutter.

DOINGS IN THE SUPERIOR COURT

Thursday in the Superior Court Fred A. Fallon was judically restored to competency and capacity. Fallon was declared incompetent a by Judge Buck in 1892 and his mother, Carmel Fallon was appointed guardian. He inherited something like $40,000 from his father's estate and by judicious investment by the guardian the amount has been increased to nearly $100,000 there is about $40,000 in bank and the remainder of the estate consists of good paying property in San Francisco. Mrs. Fallon was directed by the court to file her final account at once.

Suit for Possession

F. A. Woodman has commenced an action against M. J. Pimentelle and Joseph Pimentelle to get possession of the Pigeon Point Ranch near Pescadero containing 1000 acres. The ranch is owned by Loren Coburn and was leased to the defendants two years ago. The lease expired on September 30th of this year and Coburn rented the property o Woodman who seeks to oust the Pimentelles. Plaintiff asks for the restitution of the land and for damages in the sum of $100, besides the cost of suit.

Letters of Guardianship

Antonio Genochio has applied in the Superior Court for letters of guardianship upon the person and estate of his grandson, Gillette Edward Genochio aged 2 years. The minor has no estate but needs the care and protection of his grand parents.

BIG RALLY

Big Rally. Big Speakers, Big Victory for the Republican Party. The Hon. Samuel M. Shortridge, Hon. Arthur Free and others will address the citizens of Redwood City and vicinity at the Alhambra Theater Monday evening next, November 2nd.

No need to introduce Mr. Shortridge to the people of Redwood City. He is agrandorator, and those of us who have not heard him will certainly missa great treat if we do not take advantage of this great chance to hear him.

Hon. Arthur Free, the District Attorney of Santa Clara county, is also a fine talker.

The local candidates will make a whirlwind campaign Monday night starting at Vista Grande, accompanied by a fine union band, and taking in every town on the East side of the Peninsula, will rush the voters into the Republican Avalanche that will wind up next Tuesday. Many automomiles will accompany the parade, and the entire parade will end up in Redwood about 9:30 o'clock and proceed to the Alhambra.

The towns to be visited will be Vista Grande, Colma, South San Francisco, San Bruno, Millbrae, Burlingame, San Mateo, Belmont, Menlo Park and Redwood City.

Get in the game, and stay on the side of Victory.

NOTICE TO VOTERS.

Notice is hereby given to the electors of the State of California that the following Acts will be submitted to the people of the State of California for their ratification at the next general election to be holden on the third day of November, A. D. 1908, to wit:

SENATE BILL No. 461.

Passed the Senate, February 22, A. D. 1907. Lewis A. Hilborn, Secretary of the Senate.

Passed the Assembly, March 6, A. D. 1907. Clio Lloyd, Chief Clerk of the Assembly.

This Bill was received by the Governor, this 9th day of March, A. D. 1907, at 12 o'clock M. E. C. Cooper Private Secretary of the Governor.

CHAPTER 424. An act to provide for the issuance and sale of state bonds to create a fund for the construction by the board of state harbor commissioners of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco, at a cost not to exceed two million dollars (which said wharves, piers, seawall, state railroad, spurs and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section 10 hereof, prepare two thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; **provided**, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and, he shall on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "Second San Francisco Seawall Fund" and must be used exclusively for the construction of wharves, piers, seawall, railroad, spurs and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated at the "Second San Francisco Seawall Sinking Fund" shall be, and the same is hereby created, as follows, to wit: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people shall take effect on the thirty-first day of December, A. D. nineteen hundred and eight, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and eight, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Francisco Seawall Act," and in a separate lines under the same words, "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and convassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and eight, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.

SEC. 12. This act may be known and cited as the "Second San Francisco Seawall Act."

SEC. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

SENATE BILL No. 7.

Passed the Senate, November 20, A. D. 1907. Lewis A. Hilborn, Secretary of the Senate.

Passed the Assembly, November 22, A. D. 1907. Clio Lloyd, Chief Clerk of the Assembly.

This Bill was received by the Governor, this 23rd day of November, A. D. 1907, at 11 o'clock A. M. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 4. An act to amend section five of the act entitled "An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, piers, harbors, and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people," approved March 21, 1907, relating to the redemption of such bonds and creating a sinking fund for such purpose, and adding a new section to said act to be numbered section 10½, relating to the publication of said act, and providing for the payment of the cost of publication of the same.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin extending the area of India basin on the water front of the city and county of San Francisco, as provided in an act entitled "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings against certain property north of India basin and extending to Islais creek in the city and county of San Francisco, and extending their jurisdiction over the same, and providing for the payment of judgments from the proceeds of bonds issued and sold under the provisions of an act entitled, "An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, piers, harbors, and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people," approved March 21, 1907, relating to the redemption of such bonds and creating a sinking fund for such purpose, and adding a new section to said act to be numbered section 10½, relating to the publication of said act, and providing for the payment of the cost of publication of the same," approved March 21, 1907, and all acts amendatory thereof or supplemental thereto, the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section 10 hereof, prepare two thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; **provided**, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided and the said state treasurer shall call in, forthwith pay and cancel the same, out of moneys in the India basin sinking fund provided for in this act, and, he shall on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "India Basin Fund" and must be used exclusively for the acquisition area described in the act referred to in section 1 hereof. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "India Basin Sinking Fund' shall be, and the same is hereby created as follows, to wit: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the India basin sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people shall take effect on the thirty-first day of December, A. D. nineteen hundred and eight, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and eight, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Francisco Seawall Act," and in a separate lines under the same words, "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and convassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and eight, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.

SEC. 12. This act may be known and cited as the "India Basin Act."

SEC. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin extending the area of India basin on the water front of the city and county of San Francisco, as provided in an act entitled "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings against certain property north of India basin and extending to Islais creek in the city and county of San Francisco, and extending their jurisdiction over the same, and providing for the payment of judgments from the proceeds of bonds issued and sold under the provisions of an act entitled, "An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, piers, harbors, and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people," approved March 21, 1907, relating to the redemption of such bonds and creating a sinking fund for such purpose, and adding a new section to said act to be numbered section 10½, relating to the publication of said act, and providing for the payment of the cost of publication of the same," approved March 21, 1907, and all acts amendatory thereof or supplemental thereto, the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section 10 hereof, prepare two thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; **provided**, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided and the said state treasurer shall call in, forthwith pay and cancel the same, out of moneys in the India basin sinking fund provided for in this act, and, he shall on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer unto the treasury and must be by him kept in a separate fund to be known and designated as the "India Basin Fund" and must be used exclusively for the acquisition area described in the act referred to in section 1 hereof. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.
